July 10**

The Bayer Science & Education Foundation is pleased to announce the selection of Anna Zimmermann as a recipient of the Jeff Schell Scholarship for 2015. Anna will spend the next year at the University of Lisbon (NOVA), Portugal, where she will gain valuable experience in green biotechnology. Anna is currently a student at the University of Würzburg, Germany, where she is studying for her Master's degree in Biotechnology. She is currently working as a research assistant in the laboratory of Prof. Dr. Ralf Reschke. Anna is a member of the German Biotechnology Society (VGB) and the European Biotechnology Society (EBS). She is also a member of the Bayer Science & Education Foundation. Anna is a very motivated and hardworking person who is always looking for new challenges. She is a very team player and is always willing to help others. She is a very friendly and approachable person who is always ready to listen to others. She is a very dedicated and committed person who is always striving for excellence. She is a very talented and creative person who is always looking for new ways to solve problems. She is a very hardworking and dedicated person who is always striving for excellence. She is a very talented and creative person who is always looking for new ways to solve problems.
